I go by the alias name Karm (a combination of my first and last name and usually a username). This pdf book I made lists various Playstation Portable RPG games released in the US, Japan and Europe. Some are English translated as well. I made something similar to this listing Nintendo DS RPG games as well. This project like the previous one was inspired by another creator. You can find his books at DaddaRuleKonge.com. This is nothing compared to his work but I had fun making this and I hope you enjoy viewing it and I hope this inspires you to start a project of your own.

Like the NDS book this is broken down into different sections based on the different types of RPG's. The setup is somewhat similar to this but I tried to change it up a bit. Each page displays each game in Alphabetical order. I have also included the Metacritic score if there was one. In some pages you may see some abbreviations for certain words like (JP) stands for Japan, (EUR) stands for Europe and (DD) stands for Direct Download. The pages for translated and some Direct Download games display Japan game covers.

Other works I've done:

English Patch Released by: justfuit

Patch Release Date: February 3rd, 2015

While these three nations vie for continental domination, one captain must choose a nation with which to align him/herself, then recruit teams of able-bodied soldiers and train them into battle-ready knights to send off into the ever-changing online war campaign. It is up to players to choose an allegiance with one of the three factions, then progress through offline questing and intense 30-hour online skirmishes, all making use of deep, strategic RPG combat and expansive customization. Race, sex, appearance, job class, sub-class and weapon type are all freely alterable for every team member, so no two knights are ever the same; and unique massively-multiplayer online functionality allows players to test their knights against others from all corners of North America, without even requiring a constant internet connection.

Hexyz Force

Developer: Sting

Publisher: Atlus

Release Date: May 25th, 2010

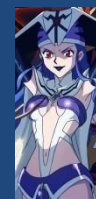

Hexyz Force takes place in the world of Berge. This is a world that has two sides to it, one light and one dark. Accordingly, the player will be able to choose between two different protagonists at the game's beginning. In the light scenario, the protagonist is a shrine maiden by the name of Cecilia, whereas the dark part's hero is a knight called Levant von Schweitzer. Depending on this choice, the setting, story and characters will change fundamentally.

Riviera™

The Promised Land

Developer: Sting

Publisher: Atlus

Release Date: July 11th, 2007

During the great Ragnarok war, the gods of Asgard were overrun by demons from Utgard. In order to save the rest of the world from demons, the gods sacrificed their lives to create Grim Angels, black-winged warriors armed with sacred weapons known as "Diviners". The Grim Angels defeated the demons, and turned Utgard into a beautiful land, Riviera.

Thousand years later, a rumor concerning the demons' return begins to spread. Hector, one of the seven Magi entrusted by the gods to watch over Riviera, sends the Grim Angels Ein and Ledah there, ordering them to activate the "Retribution", a power that would eliminate the demons but also destroy Riviera. Ein is defeated by Ursula, Riviera's guardian, and wakes up with amnesia, unaware of his past and the role he will have to play in the future of the land.

Patch Release Date: June 8th, 2014

The year 842 is the beginning of the end.

In an act of unprovoked aggression, the Militesi Empire invaded the Dominion of Rubrum. Imperial dreadnoughts swarmed the skies, assailing the unsuspecting countryside under the banner of the White Tiger. From amidst the flames of the besieged dominion, the Vermilion Bird rose in defiance, her crystal granting magic and mighty eidolons that her disciples might cast out the technologically advanced aggressors.

Thrust into the tumult of war, the fate of the world and its four crystals now rests on the shoulders of fourteen brave, young warriors.

GOD EATER BURST™

Developer: Bandai Namco Entertainment
Publisher: D3 Publisher of America
Release Date: March 15, 2011

The game is set in Japan in the year 2071 where the world has been mostly destroyed by mysterious monsters known as the Aragami. An organization known as Fenrir was founded to exterminate Aragami using weapons called God Arcs which is made from the cells of an Aragami. Those who specialize in exterminating Aragami are known as God Eaters. Originally God Eaters had one type in which their God Arcs can only keep gun form or blade form, however a new type has been discovered that can switch between gun and blade form. Since then, they have been classified new-types and the previous as old-types.

For thousands of years, the people of Jikandia were happy and peaceful, utterly ignorant of the concept of time. Then...one day, uncountable hordes of dangerous creatures appeared, bringing chaos to Jikandia and setting the wheels of time turning once again. Plunged suddenly into this newly-temporal reality, the people of Jikandia fell into confusion, terror, and anarchy.

In the midst of the mayhem gripping the land, an ancient spirit known as Temtem, hoping to restore peace and harmony to the troubled land, somehow gained mastery over time and space. With this new-found power, Temtem attempted to summon the nine heroes of legend. Nine kids on their way to school found themselves summoned through time and space to become the champions of Jikandia. However, only Hall, who was separated from his friends while traveling through the void, appeared before Temtem. Neither of them knew what had happened to Hall's friends, but it soon become clear that Hall had to find them, and right Jikandia's wrongs, if he was ever to return home.

Ares Toraernos - "The Hunted"

A wordless swordsman with one hand always on his blade, perpetually ready for anything. To say his reputation precedes him would be an understatement; when he's nearby, rooms fall silent for fear of incurring his wrath. He doesn't follow any particular credo, nor does he have any particular cause he fights for beyond the hunting of bounties. Of course, when a man hunts, he is also hunted, and Ares is no exception, having earned a bounty on his head as well. But he's not particularly worried about that, given the tremendous gap between his skill and that of even the next most successful bounty hunter. Try as they might, no one can ever catch Ares Toraernos.

Dela Delon - "The Hunter"

An outspoken sorceress of considerable power and beauty, as well as a nearly superhuman level of tenacity. Once she sets her mind on something, she pursues it to the ends of the earth; and indeed, after learning of her master's death at the hands of a bounty hunter named Ares, she quickly begins regarding him as public enemy number one. For five years he's eluded her grasp, making her more and more frustrated with each passing day that he's allowed to walk free. She is bound and determined to see him answer for his crimes, and will do whatever it takes to apprehend him – even at the cost of her own safety and well-being.

Music is everywhere in the land of Antiphona. This is a story of Miabelle, a young girl who lives in Antiphona and loves singing. The elder sister of Miabelle, Lily, was elected to be a "singing princess" on a famous festival that occurs only once every 300 years, but just before the festival started, the Devil King appeared and stole the voice of Lily.

To help her sister, Miabelle with her friends and puppets forms a singing group "Celesta". Giving lots of performances along their way, the group takes off on an adventure to get back Lily's voice.

フレイズユニオン **BLAZE UNION** STORY TO REACH THE FUTURE

Developer: Sting
Publisher: Atlus
Release Date: May 27th, 2010 (Tactical / Strategy RPG)

Blaze Union takes place three years before Yggdra Union, in the year 1487 M.D., an era that was considered a golden age to the rest of the continent but was a dark age for the empire of Bronquia. Thortie, the current Emperor, was an incompetent ruler who taxed the people heavily to support the army he was attempting to build; the majority of the nobility was corrupt, and bandits plagued the land, preying on the weak and innocent.

In the trade city of Tiera, the youth Garlot had grown up being crushed under the heel of various forms of oppression, from the unfairness of the rich and the nobility to his own father's brutal abuse; he and his friends Siskier and Jenon decided to do what they could to change the ugly reality surrounding them and formed a band of noble thieves in order to protect their fellow poor.

Once upon a time, a thousand years ago to be precise, there was a country called Euforia that flourished via use of the power called Will, the crystallization of intent and determination into energy. Euforia built a vast kingdom and developed a culture dependent on that power, and so did many other countries at the time.

But one day, Euforia's legacy suddenly came to an end when it vanished into the sea, submerging over eighty percent of the world in water. It is whispered that before the country disappeared, the Euforian people hid their treasures within crystals, so that their culture might survive them. HEROES PIANTASIA

Developer / Publisher: Bandai Namco Games
Release Date: June 23rd, 2011 (Turn-based RPG)

In a world much like our own, numerous troubling incidents occur all over the planet. People known as Native Alters with strange powers instigate anti-social acts. Monstrous creatures called Orphan are meddling in human society. Equally monstrous beings known as Chiropterans cause a rash of vampire-related murders, and several resurrected historical figures attack the U.S. Library of Congress. In order to counter all of the above, several organizations rise up to fend off these threats and maintain peace and order: Holy, HiME, Red Shield, and the Special Operations Division of the British Library.

Meanwhile, the dimensional walls around the world of Adloaz have collapsed, and all kinds of monsters have started to appear across the world. Fortunately, the fall of the dimensional walls also ushered in a band of heroes: Orphen, Louie, and Lina Inverse.

Pipiro (female, 14 years old)

This young lady lives with Pockle in Puck Village. Her **magic talent** is said to match that of the legendary Noble Sorceress, **but her dedication is non-existent**. In fact, she **only has eye for fashionable clothes and sweet-flavoured food**. Because Pipiro is slightly older than Pockle, she thinks pretty high of herself, but sometimes she behaves like the elder sister she is.

Pockle (male, 14 years old)

This boy, a great admirer of the Holy Knight, lives with Pipiro. He has learned martial arts from a former treasure hunter, and he's pretty good at them too. He's a reliable fellow who takes care of **all domestic chores**, but also a **lover of poor jokes** with a **very soft spot for beautiful ladies**. Frequent victim of Pipiro's cold glances.
